SUMMARY INFORMATION

1985 COLLECTIVE AGREEMENT EXPIRATIONS

SUMMARY

This Calendar of expiring collective agreements lists collective bargaining agreements that will expire in 1985. The intent of the calendar is to list as many expirations as possible regardless of size. However, because many agreements that expired in the latter part of 1984 have not as yet been re-negotiated, it is not possible to include information on them. For this reason, an addenda to this calendar will be issued in July, 1985.

Based upon the present information, there are 343 collective agreements expiring in 1985 in Manitoba which fall under the provisions of The Labour Relations Act. A total of 33,827 employees are affected. Of this total, 29,360 employees are covered by collective agreements which are not considered confidential. The 83 agreements which are still considered confidential under Section 63(2) of the old Labour Relations Act represent a total of 4,467 employees.

The month showing the greatest number of expirations is April with 88. March shows the second largest number of expirations with 48.

The greatest number of expirations fall into the service industry (139) with manufacturing next at 122 and trade third with 32 expirations.

Two hundred and eighty of those agreements expiring in 1985 affect 100 persons or less. This represents 82 percent of the total expirations known at this time.

It is significant to note that, although they are not recorded in either the Calendar or Addenda, an additional 57 collective bargaining situations exist which fall under the provisions of The Public Schools Act.
